## Because real heroines don't put up with injustice.

The most charming fairy tale of the season is also exciting and full of fun adventures. We will follow the Little Red Riding Hood, as this angel-faced child overcomes challenges with her iron will.

## > Perfect for...

Projecting independent female role models in the framework of classic stories, offering new perspectives to promote co-education, drive and self-confidence among girls and boys. With basic structures and a vocabulary adapted to their level, this show will help to promote a positive attitude towards the learning of a foreign language.

## > Don't miss...

The strange behaviours and peculiarities of a very unusual wolf.

## > Did you know?

Due to its different versions, this famous tale was forbidden in countries like Germany during WW2, and also in places like California because the Little Red Riding Hood carried a bottle of wine in her basket.
